

## COLLAPSIBLE BANNER POLES HAVE ARRIVED!!

After years of tinkering and months of design and development we have produced a strong and light-weight banner pole that is fully collapsible.

The compact poles, designed specifically to wave flags and banners, collapse down to just over two feet (24 ½ inches or 60 cm). The patented black and gold fibreglass poles are unobtrusive and convenient which allows you to carry them anywhere. This means you can pack them in your suitcase as you travel; you might even like to tuck the pole in your belt when you are climbing up to the high places. Their quick, easy pull-twist motion takes less than two seconds to assemble.

Our patented grasping mechanism holds the banner firmly onto the pole to stop it flying off in mid-flight, while enabling the quick removal of the banner to minister or perform prophetic acts with the banner off the pole.

The poles are available in two sizes.

The **Large Pole** extends five sections to 8 feet (2.5 metres) and suits "Out of Our Minds" large and medium size banners. Great value for only USD\$13 or AUD\$19 plus post & handling.

**Small Pole** extends two sections to 3 1/3 feet (1 metre) and suits "Out of Our Minds" small and medium size banners. Great value for only USD\$7 or AUD\$9 plus post & handling.

## BREAKTHROUGH IN HARVEST

October 14<sup>th</sup> and 15<sup>th</sup> were declared "Harvest Weekend." We had praise and worship from 8.00pm Saturday night through to 8.00pm Sunday night.

During the praise and worship in the Sunday morning service, the Holy Spirit told me to raise the Breakthrough Banner. I listened and obeyed and we truly had a breakthrough time in our worship.

As I looked at the banner later, instead of one point in the centre of the banner, there are points on both sides, as well. I believed, and told the 'banner class,' that we had been given multiple breakthroughs with this banner...not just one, but many! The class wholeheartedly agreed. The colour is bright and most effective. I love it!
